What is CEF?

Child Evangelism Fellowship is the largest mission organization in the world dedicated to the evangelization of children. It is an evangelical, Bible-centered, faith mission work dedicated to the task of winning boys and girls to Christ.

Since 1937, CEF has spread to every state in the US, every province in Canada, and to most of the countries of the world. This ministry is supported entirely through individual gifts of the Lord's people and contributions from churches and church related groups.

National statistics tell us that only 2 out of 10 children in the US attend Sunday School. That means 8/10 of children are unevangelized. Yet 85% of the church today came to Christ as children. It is said that "85% of those people who do not receive Christ by age 18 never will."

If you would like to work in the world's most fruitful mission field, contact your local CEF Director.
